

Facade Solar System

1L1 Installation Unit | Wall-Mounted Facade Module

INSTALLATION UNIT	MODULES / UNIT	CAPACITY / UNIT	MOQ
1L1	1	0.595 kWp	1 pallet

KEY SPECIFICATIONS

PV Module	GStar GSD7S72T-595WT
Module Layout	1 module, landscape
Module Size	2278 x 1134 x 30 mm
Wall Types	Concrete / masonry / curtain wall
Rails	ZAM steel P5500 channel or equivalent
Wall Interface	Rail connector, bolted to wall structure
Reference Snow Load	3600 Pa - verify project basis
Reference Wind Load	2400 Pa - verify project basis
Grounding	Integrated
Structure Warranty	25 years

SYSTEM COMPONENTS

- PV modules with MagicFrame interface
- ZAM rails / purlins
- Rail connectors
- Standoffs and accessories

IMPORTANT

Facade attachment and wind load are project-specific and determined by the project Engineer of Record.
